

Mr. Taps

Small Venue Technical Information

Arrival time: Approximately 30-45 minutes before show time.

Performance area: 20' area with 8' ceiling clearance.

Please have the following items available for the performance:

- ◆ Dressing/Changing room
(As close to the performance area as possible)
- ◆ Two handheld wireless microphones on stands
- ◆ One 4'x 4' table
- ◆ Bottled water

The performer will furnish his own sound source. If amps or a system and sound person are available, it will be used.

Technical information is general. Specific technical information will be supplied for individual venues.

Please contact Class Act if you have any questions or cannot provide any of the above so that other arrangements can be made. Thank you!
