

*****TEACHER ANSWER KEY*****

DIRECTIONS: On the left side of the page are pictures of animals that live in the rainforest. On the right side of the page, something has been taken out of those pictures. Figure out what is missing and add it into the picture. Then color the pictures.

A missing piece of a picture can be fun. Anything missing from the rainforest or anyplace else, just isn't right. Help take care of the earth by protecting plants and animals in your area. Draw a picture of your favorite animal on the back of this page.

DIRECTIONS: Below are pictures of animals from the rainforest and the Serengeti. Write the name of each animal on the blanks. Some letters have been filled in to help you.

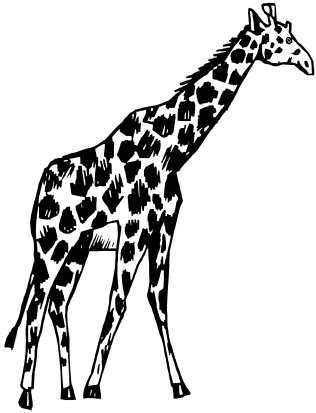

Now put the numbered letters on the blanks below to find two places we visited on our Laser Safari.

1 2 3 4 5 6 and South 7 8 9 10 11 12 13

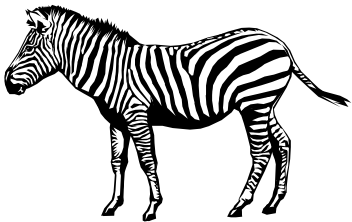

Many people are trying to take care of the rain forest and other amazing places, but be sure to take care of your area too.

*****TEACHER ANSWER KEY*****

DIRECTIONS: Below are pictures of animals from the rainforest and the Serengeti. Write the name of each animal on the blanks. Some letters have been filled in to help you.

g i r a f f e
 10 6 2

c a t e r p i l l a r
 12 1 13

Now put the numbered letters on the blanks below to find two places we visited on our Laser Safari.

A f r i c a and South A m e r i c a
 1 2 3 4 5 6 7 8 9 10 11 12 13

Many people are trying to take care of the rain forest and other amazing places, but be sure to take care of your area too.

DIRECTIONS: Below are nine sets of mixed up letters. Unscramble each set of letters to spell the name of an animal. Then decide if each animal is an herbivore or a carnivore. Remember, an herbivore eats plants and grass and a carnivore eats meat, or other animals. If the animal is an herbivore, circle the letter under the H column. If the animal is a carnivore, circle the letter under the C column. Here's a hint – all of the animals can be found in the Serengeti, the large area in Africa we visited on the Laser Safari.

The first one has been done for you.

1. A C E E H H T CHEETAH
2. C C D E I L O O R _____
3. A B E R Z _____
4. I L N O _____
5. H I N O R _____
6. A E F F G I R _____
7. A E H N Y _____
8. E L R T U U V _____
9. H I O P P _____

_	<u>C</u>

E	Z
E	P
H	L
A	L
E	N
C	T
S	H

PART 2: Now look at the letters you circled above. Put them in order on the line below and if you did everything right up above, the letters will spell the name of the largest herbivores in the Serengeti. In fact, they are the largest herbivores that live on land anywhere in the world. The first letter is E, because that is the first letter circled above. If the circled letters don't spell anything, go back and check your answers.

*****TEACHER ANSWER KEY*****

DIRECTIONS: Below are nine sets of mixed up letters. Unscramble each set of letters to spell the name of an animal. Then decide if each animal is an herbivore or a carnivore. Remember, you learned during the Laser Safari that an herbivore eats plants and grass and a carnivore eats meat, or other animals. If the animal is an herbivore, circle the letter under the H column. If the animal is a carnivore, circle the letter under the C column. Here's a hint – all of the animals can be found in the Serengeti, the large area in Africa we visited on the Laser Safari.

The first one has been done for you.

- | | | |

PART 2: Now look at the letters you circled above. Put them in order on the line below and if you did everything right up above, the letters will spell the name of the largest herbivores in the Serengeti. In fact, they are the largest herbivores that live on land anywhere in the world. The first letter is E, because that is the first letter circled above. If the circled letters don't spell anything, go back and check your answers.

ELEPHANTS

DIRECTIONS: Part 1 - Eight places are listed on the map below along with the total rainfall they receive each year. Put them in order from the most rainfall to the least rainfall by putting the numbers 1 – 8 on the blank next to each place. The Olympic National Forest receives the most rain, so the number 1 has been put in the blank. Continue with the numbers 2 – 8.

E Olympic National Forest = 11 ft. = 1

U Washington, DC = 3 ft. = ___

R Paris, France = 2 ft. = ___

C Tokyo, Japan = 5 ft. = ___

D Amazon Rainforest = 9 ft. = ___

Y Australia = 1 ft. = ___

L Nevada = $\frac{3}{4}$ ft. = ___

S Serengeti = $2\frac{1}{2}$ ft. = ___

Part 2 – Now look at the letters in the boxes next to each place name. Put each letter in the correct spaces below. For example, Olympic National Forest has an E next to its name. It is number 1, so E goes in the blank with the number 1 below. That has been done for you. Fill in the rest of the spaces and you will spell three things you can do to help protect the earth and your own neighborhood.

E U E , R E E , E C C E

1 2 3 4 5 6 7 8

*****TEACHER ANSWER KEY*****

DIRECTIONS: Part 1 - Eight places are listed on the map below along with the total rainfall they receive each year. Put them in order from the most rainfall to the least rainfall by putting the numbers 1 – 8 on the blank next to each place. The Olympic National Forest receives the most rain, so the number 1 has been put in the blank. Continue with the numbers 2 – 8.

E Olympic National Forest = 11 ft. = 1

U Washington, DC = 3 ft. = 4

R Paris, France = 2 ft. = 6

C Tokyo, Japan = 5 ft. = 3

D Amazon Rainforest = 9 ft. = 2

Y Australia = 1 ft. = 7

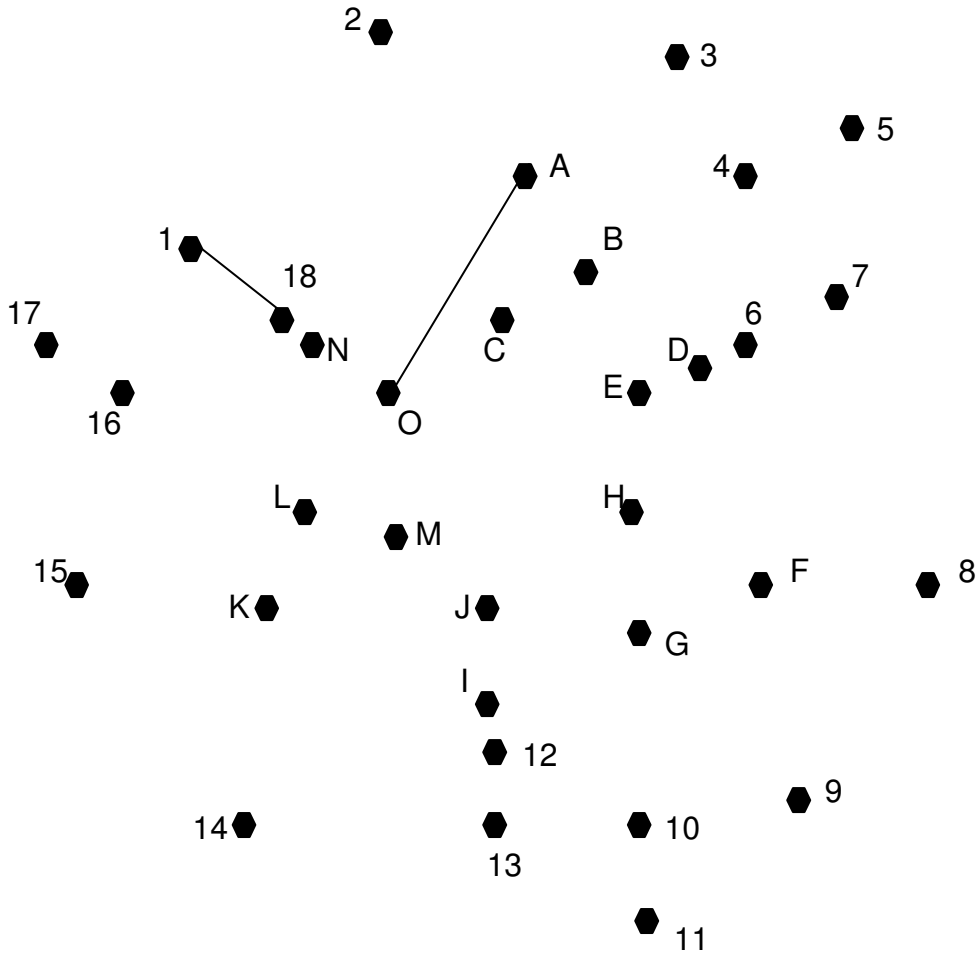

L Nevada = $\frac{3}{4}$ ft. = 8

S Serengeti = 2 $\frac{1}{2}$ ft. = 5

Part 2 – Now look at the letters in the boxes next to each place name. Put each letter in the correct spaces below. For example, Olympic National Forest has an E next to its name. It is number 1, so E goes in the blank with the number 1 below. That has been done for you. R

R

R

DIRECTIONS: Start with the letter A and connect the dots in order, stopping with the letter O. Then start with the number 1 and connect the dots in order, stopping with the number 18. What did you just make?

Now write the words Reduce, Reuse, and Recycle on the lines with the R's. How can this help protect the rainforest, the Serengeti, and your own neighborhood? On the back of this paper, write down how you can reduce, reuse, and recycle and how that will help take care of the earth.

TEACHER ANSWER KEY

Reduce

Reuse

Recycle

DIRECTIONS: Start with the letter A and connect the dots in order, stopping with the letter O. Then start with the number 1 and connect the dots in order, stopping with the number 18. What did you just make?

Now write the words Reduce, Reuse, and Recycle on the lines with the R's. How can this help protect the rainforest, the Serengeti, and your own neighborhood? On the back of this paper, write down how you can reduce, reuse, and recycle and how that will help take care of the earth.

DIRECTIONS: First, fold the page on the dotted line below. Then fill in each blank space in the grid with the appropriate word. Unfold the page and read the story, filling in the words from the boxes as you go.

2. noun	8. adjective	14. adjective
3. noun	9. adjective	15. adjective
4. plural noun	10. a place	16. adjective
5. plural noun	11. a number	17. verb
6. verb	12. plural noun	18. verb

Let's go on a safari. We will start in the Serengeti, which is in 1. The land in the south is a savannah, or a large, flat 2 with few trees. In the north, there are more trees and hills. We will ride in a(n) 3 so we can get up close to the many 4 that call this land home. The most popular animals to see include elephants, lions, and giraffes. We must watch out for 5. If we get too close, they might 6. The migration of wildebeests and zebras as they search for 7 is 8 to see. The Serengeti has two seasons – the rainy season and the 9 season. Avoid the rainy season – otherwise the roads are a muddy mess! Now let's travel to the Amazon Rainforest. It is located in 10. It is one of the wettest places on earth, with an average rainfall each year of 11 feet. There are few 12 so we will travel on the river in a 13. The rainforest is hot and 14 so be sure to dress appropriately. The forest floor, the bottom layer of the forest, is very 15 because sunlight can't reach it. The understory is the next layer and is home to many plants and animals, including the 16 - eyed tree frog. The next layer, the canopy, is the main layer of the forest. It is filled with leaves and branches. Monkeys and snakes 17 here. The emergent layer is on top. It has the tallest trees which 18 high above the canopy. Back down in the river, we will want to watch out for crocodiles. What's that? You don't like crocodiles? Me neither – let's go home!

Back down in the river, we will want to watch out for crocodiles. What's that? You don't like crocodiles? Me neither – let's go home!

DIRECTIONS: Reduce, reuse, recycle – the three R’s that help us take care of the earth. The words REDUCE, REUSE and RECYCLE have been hidden in the puzzle below many times, but we aren’t going to tell you how many. Each word is hidden a different number of times. See how many you can find. Your teacher has the answers if you need help.

E	D	C	R	R	R	Y	R	E	R	E	U	S	E	U
R	E	U	S	E	S	U	E	R	E	U	S	E	U	L

REDUCE is hidden 11 times, REUSE is hidden 18 times and RECYCLE is hidden 15 times. The words overlap too much to effectively show them on the grid.

Create a Keyboard Picture

Follow the keyboarding directions listed below completely and correctly.

- A. Make sure all page margins are set to 1”.
 - B. Set your font to Courier, size 12, and bold. Be sure you are set on single spacing.
 - C. Turn on caps lock.
- (If you are not sure what to do, your teacher may need to help you get started.)

Now follow these directions very carefully.

1. Push the enter key seven times.
 2. Push the space bar 23 times, push the X key 20 times, then the enter key once.
 3. Space bar 29 times, X key 18 times, enter key once.
 4. Space bar 20 times, X key 7 times, space bar 5 times, X key 17 times, enter key once.
 5. Space 17 times, X 12 times, space 5 times, X 16 times, enter once.
 6. Space 16 times, X 15 times, space 4 times, X 16 times, space 6 times, X 1 time, enter once.
 7. Space 15 times, X 17 times, space 4 times, X 16 times, space 2 times, X 3 times, enter.
 8. Space 14 times, X 18 times, space 5 times, X 18 times, enter.
 9. Space 13, X 18, space 7, X 16, enter.
- (The directions are shorter, but you should know what to do. If not, ask your teacher.)
10. Space 15, X 15, space 9, X 14, enter.
 11. Space 18, X 10, space 10, X 14, enter.
 12. Space 21, X 6, space 8, X 15, enter.
 13. Space 24, X 2, space 6, X 17, enter.
 14. X 19, space 35, X 5, enter.
 15. Space 4, X 16, space 32, X 9, enter.
 16. Space 6, X 15, space 28, X 13, enter.
 17. Space 5, X 17, space 24, X 17, enter.
 18. Space 4, X 18, space 25, X 17, enter.
 19. Space 3, X 20, space 25, X 16, enter.
 20. Space 2, X 16, space 2, X 4, space 25, X 14, enter.
 21. Space 2, X 15, space 6, X 2, space 17, X 1, space 7, X 12, enter.
 22. Space 3, X 13, space 25, X 2, space 8, X 9, space 4, X 1, enter.
 23. Space 3, X 12, space 25, X 3, space 9, X 6, space 5, X 2, enter.
 24. Space 4, X 9, space 25, X 5, space 18, X 3, enter.
 25. Space 5, X 8, space 4, X 13, space 7, X 26, enter.
 26. Space 6, X 6, space 4, X 14, space 6, X 26, enter.
 27. Space 7, X 5, space 3, X 15, space 4, X 27, enter.
 28. Space 8, X 4, space 3, X 15, space 3, X 26, enter.
 29. Space 9, X 3, space 3, X 15, space 4, X 24, enter.
 30. Space 11, X 2, space 3, X 14, space 6, X 20, enter.
 31. Space 12, X 1, space 4, X 13, space 7, X 18, enter.
 32. Space 18, X 12, space 8, X 14, enter.
 33. Space 40, X 3, enter.
 34. Space 41, X 2, enter.
 35. Space 42, X 1, enter.

Make sure it is OK to print the page. When you print it, you may need to turn the paper until you see something that will remind you to help take care of the earth.

*****TEACHER ANSWER KEY*****

This is the picture they should make if they follow all the directions correctly – an image of the recycle symbol.
